

# QUALITY POLICY

EYONGPV LIMITED

## At EyongPV Solar Technologies:

- **We hold ourselves to a higher standard**, striving for the highest levels of safety, quality and integrity.
- **We push the boundaries** of solar technology and continually improve.
- **We thrive together** and empower both decision-making and contributions to quality within our organization.

By living by our values, and by meeting or exceeding customer and stakeholder requirements, our work does more than raise the bar for an entire industry:

We give our customers everywhere the power to make a positive impact on our world.

Together, we are **Powering Positive Change™**
